Dear Mahomed Vahed

السلام عليكم ورحمة الله وبركاته

The Islamic Dawah Movement (IDM) is deeply grateful for the opportunity to partner with the Young Leaders Academy through the We Love Reading program. On 30 October 2025, 25 of our volunteers were trained as Reading Ambassadors and equipped with book sets to serve children in their madrassas and neighborhoods.

The impact has been heart-warming. Children now look forward to the weekly read-aloud sessions with excitement and joy. Parents and teachers have noticed a growing love for books and learning among learners who previously showed little interest in reading.

Equally inspiring has been the transformation of our volunteers. Through this program, they have gained confidence, developed leadership skills, and discovered the power of storytelling as a tool for change. They feel empowered knowing that something as simple as reading aloud can shape a child's future.

We extend our sincere thanks to Adv. Mahomed Vahed and the Young Leaders Academy for bringing the We Love Reading initiative to the IDM family. We are excited about continuing this partnership in 2026 and taking the gift of reading to even more communities nationwide.
